**With Catherine Ridley, SSI Sea Turtle Project**

Join us and Catherine Ridley from the SSI Turtle Project for a nighttime walk on the beach in search of sea turtles! With the use of turtle-safe flashlights, we will walk the beach in search of nesting females and hatchlings. Information on sea turtle life history and nesting will be provided.

Meet at Old Coast Guard Station (East Beach), St. Simons Island.

**Space limited to 20. Cost: Free. Members only.**
