<i>Latin Name</i>	<b>Common Name</b>	<b>Exposure</b>	<b>Ht.</b>	<b>Width</b>	<b>Flr. Color</b>	<b>Bloom**</b>	<b>Butter.</b>	<b>Humm.</b>	<b>Birds</b>	<b>Bees</b>	<b>Deer resist.</b>	<b>Notes</b>
<b>Georgia Natives</b>												
	<b>Fern</b>											
<i>Osmunda cinnamomea</i>	Cinnamon Fern	pt sh/sh	2-3'	2-3'					x		x	bog/pond area, full sun if standing water, bird nesting material
<i>Thelypteris kunthii</i>	Southern Shield Fern	pt sh/sh	30"	2'							x	deer resistant
<i>Woodwardia areolata</i>	Netted Chainfern	pt sh/sh	2-3'	spreads								bog/pond aream shelter for frogs, toads, newts
	<b>Grass</b>											
<i>Andropogon glomeratus</i>	Bushy Bluestem	sun	2-5'	bunches	white/brown	sum/fall	x		x	x	x	Skipper LH, nesting materials native bees, deer resistant
<i>Andropogon glomeratus</i>	'hirsutior' Hairy Bluestem	sun	2-5'	bunches	white/brown	sum/fall	x		x	x	x	Skipper LH, nesting materials native bees, deer resistant
<i>Chasmanthium latifolia</i>	River Oats	pt sh	2-3'	2'	lt brown	fall	x		x		x	Gemmed Satyr, Viola's Wood-Satyr LH
<i>Chasmanthium laxum</i>	Slender Woodoats	sun/pt sh	2'	2'		summer			x			Gemmed Satyr, Viola's Wood-Satyr LH, moist growing conditions
<i>Distichlis spicata</i>	Saltgrass	sun	1'	spreads	lt brown	spr-fall	x		x			wet, saline soils, Skipper LH , birds
<i>Eragrostis spectabilis</i>	Purple Lovegrass	sun	1-2'	1-2'	reddish purple	sum/fall					x	sandy soil, med to dry
<i>Muhlenbergia capillaris</i>	Muhly Grass	sun/pt sh	1.5-3'	2'	pink	fall					x	deer resistant
<i>Panicum virgatum</i>	Switchgrass	sun/pt sh	3-7'	2-3'	pink	fall	x		x		x	deer resistant, drought tolerant, clay or sandy soil
<i>Schizachyrium scoparium</i>	Camper Little Bluestem	sun	1-4'	1-3'	avender	sum/fall	x		x		x	bluish foliage, drought tol.
<i>Spartina alterniflora</i>	Smooth Cordgrass	sun	3-6'	narrow	yellow	spr	x		x			deer browse, Louisiana eyed Silkmoth LH, wet soils, salt tolerant
<i>Spartina bakeri</i>	Sand Cordgrass	sun	3-4'	5-20'	brown	spr-fall						Evergreen, good by ponds, salt tol.
<i>Spartina patens</i>	Saltmeadow Cordgrass	sun	1-3'	spreads	yellow				x			shoreline stabilization plant, salt tol.
<i>Sporobolus virginicus</i>	Seashore Dropseed	sun	0.5-1'	spreads	green							shoreline stabilization plant, salt tol.

Latin Name	Common Name	Exposure	Ht.	Width	Flr. Color	Bloom**	Butter.	Humm.	Birds	Bees	Deer resist.	Notes
<i>Tripsacum dactyloides</i>	Eastern Gammagrass	sun/pt sh	3-5'	3'	brown	summer	x		x			Byssus skippers LH
<i>Uniola paniculata</i>	Sea Oats	sun	4-6'	spreads	yellow	spr-fall			x		x	used for dune stabilization
	<b>Sedge/Rush</b>											
<i>Cyperus retrorsus</i>	Pine Barren Flatsedge	sun				sum/fall						
<i>Dichromena colorata</i>	Star Sedge	pt shade	1-3'		white	spr-fall						
<i>Juncus effusus</i>	Soft Rush	sun	2-4'	clumps	green/brown	sum/fall			x			swamps, damp open ground
<i>Juncus marginatus</i>	Grassleaf Rush	sun/pt sh	2-3'	clumps	brown	spr-fall						moist peaty to sandy soil, freshwater marshes
<i>Juncus roemerianus</i>	Black Needle Rush	sun/pt sh	3-5'	spreads	brown	sum/fall			x			brackish and salt marshes,
<i>Typha spp</i>	Cattail	sun/pt sh	5-10'	spreads	brown	spr/sum			x			brackish water, can be aggressive in fresh h2o
	<b>Perennial</b>											
<i>Asclepias tuberosa</i>	Butterfly Milkweed	sun	1-3'	1-2'	orange	sum	x				x	monarch , gray hairstreak, queen, and milkweed tussock moth
<i>Asclepias incarnata</i>	Swamp Milkweed	sun	4-5'	3-4'	pink	sum/fall	x				x	nectar and LH Monarch
<i>Asclepias perennis</i>	White Swamp Milkweed	sun/pt sh	1-3'	1'	white/pink	sum/fall	x			x	x	needs wet or contantly moist soil, special value to bees
<i>Ampelaster carolinianus</i>	Climbing Aster	sun/pt sh	5 - 9'	3 to 4'	blue	fall	x		x			nectar source
<i>Baptisia alba</i>	White Wild Indigo	sun/shade	2-3'	2'	white	spring		x		x	x	special value to native and bumble bees
<i>Borrichia frutescens</i>	Sea Oxeye Daisy	sun	3-4'	1-3'	yellow	yr round	x		x	x		salt tolerant
<i>Canna flaccida</i>	Golden Canna	pt sh/sh	3-4'	3-5'	yellow	summer	x	x				Brazilian skipper LH, nectar source, swamp margins, freshwater marshes
<i>Conoclinium coelestinum</i>	Blue Mistflower	sun/pt sh	3'	spreads	blue	fall	x	x	x	x		special value to native bees, attracts predatory insects
<i>Coreopsis grandiflora</i>	Lg Flowered Coreopsis	sun/pt sh	3'	2-3'	yellow	spring	x		x			nectar source, self seeds
<i>Coreopsis lanceolata</i>	Lanceleaf Tickseed	sun/pt sh	2-3'	2-3'	yellow	spr/sum	x			x	x	special value to native bees & butterflies, self seeds
<i>Coreopsis linifolia</i>	Savannah coreopsis	sun/pt sh	3'	2-3'	yellow	fall	x		x		x	nectar source
<i>Coreopsis leavenworthii</i>	Tickseed	sun/pt sh	2-3'	1-2'	yellow	summer	x		x		x	self seeding , nectar source

Latin Name	Common Name	Exposure	Ht.	Width	Flr. Color	Bloom**	Butter.	Humm.	Birds	Bees	Deer resist.	Notes
<i>Coreopsis sp</i>	Rhizome Spreading Coreopsis											
<i>Echinacea purpurea</i>	E. Purple Coneflower	sun/pt sh	2-4'	2-3'	purple	summer	x	x	x		x	special value to native bees & butterflies, self seeds
<i>Elephantopus tomentosus</i>	Elephant's Foot	pt sh	2'	2'	purple	fall	x	x	x			nectar source
<i>Eutrochium purpureum</i>	Joe Pye Weed	sun/pt sh	3-6'	2-3'	purple	sum/fall	x			x	x	likes moist, well-drained soil
<i>Euthamia caroliniana</i>	Slender Goldentop				yellow	fall/win				x		special value to native bees
<i>Gaillardia pulchella</i>	Indian Blanket	sun/pt sh	1-2'	1'2-	red and yellow	sum	x			x	x	special value to native bees & butterflies
<i>Helianthus angustifolius</i>	Swamp Sunflower	sun/shade	2-9'	spreads	yellow	fall	x	x	x		x	nectar source, special value to native bees, bog or pond area
<i>Helianthus debilis</i>	Dune Sunflower	sun	2-4'	2-4'	yellow	sum/fall			x	x		Sandy soils, Native Bees, spreads
<i>Helianthus radula</i>	Rayless Sunflower	sun	3-4'	1'	maroon	sum/fall	x			x		sandy soils
<i>Hibiscus aculeatus</i>	Pineland Hibiscus	sun/pt shade	3-6'		white	sum/fall						
<i>Hibiscus coccineus</i>	Scarlet Rose Mallow	sun/pt sh	6-8'	3-4'	red	sum/fall	x	x	x			nectar source, swamps, marshes, ditches
<i>Hibiscus grandiflorus</i>	Giant Rose Mallow	sun/pt sh	6-8'	4-5'	pink	sum/fall	x	x	x			nectar source, swamps, marshes, ditches
<i>Hibiscus moscheutos</i>	Crimson-eyed or Swamp Rosemallow	sun/pt sh	4-7'	2-4'	pink	sum/fall	x	x		x		moist soil
<i>Hypericum myrtifolium</i>	St. John's-wort	sun	1-3'	3-6'	yellow	spr/sum						
<i>Iris virginica</i>	Southern Blue Flag	sun/pt sh	2-2.5'	1-2'	lt blue/purple	spr	x	x			x	moist soil
<i>Kosteletzkya virginica</i>	Seashore Mallow	sun/pt sh	3-4'	3'4'	pink	sum/fall	x	x	x			nectar source
<i>Liatris spicata*</i>	Blazing Star	sun	3-4.5'	2'	purple	spring	x	x	x		x	nectar source, special value to native and bumble bees
<i>Lobelia cardinalis</i>	Cardinal Flower	sun/shade	2-6'	1-2'	red	sum/fall		x			x	needs moist to wet soil
<i>Ludwigia linearis</i>	Narrowleaf Primrose	sun/pt sh	1-2'		yellow	summer						fresh water aquatic plant
<i>Monarda didyma*</i>	Red Bergamot	sun/shade	2-4'	3'	red	summer	x	x	x	x	x	nectar source, special value to native and bumble bees
<i>Monarda fistulosa</i>	Wild Bergamont	sun/shade	2-4'	3'	lavender	spring	x	x	x	x	x	nectar source, special value to native and bumble bees

Latin Name	Common Name	Exposure	Ht.	Width	Flr. Color	Bloom**	Butter.	Humm.	Birds	Bees	Deer resist.	Notes
<i>Monarda punctata</i>	Spotted Beebalm	sun/shade	2-4'	3'	pink	Fall	x	x	x	x	x	nectar source, special value to native, bumble & honey bees
<i>Oenothera biennis</i>	Evening Primrose	sun/pt sh	3-5''	2-3'	yellow	summer		x	x	x		nectar source, special value to native bees
<i>Penstemon australis</i>	Beardtongue	sun/pt sh	1-3'	1'	pink/purple	spr/sum				x		special value to native bees
<i>Physostegia virginiana</i>	Fall Obedient Plant	sun/pt sh	3-5'	2-3'	lavender	Fall	x	x	x		x	nectar source, deer resistant
<i>Pycnanthemum muticum</i>	Mountain Mint	sun/pt sh	3-4'	2-3'	white	fall	x			x	x	fragrant, edible, like moist, well-drained soil
<i>Rudbeckia hirta</i>	Black Eyed Susan	sun/pt sh	2-4'	2-3'	yellow	fall	x	x	x		x	nectar source, deer resistant
<i>Rudbeckia lacinata</i>	Cut leaf Coneflower	sun/pt sh	3-12'	2-3'	yellow	fall	x	x	x		x	nectar source, deer resistant, spreads
<i>Rudbeckia triloba</i>	Browneyed Susan	sun/pt sh	2-5'	2-3'	yellow	sum/fall	x		x	x		great nectar source
<i>Rudbeckia fulgida</i>	Orange Coneflower	sun	1-3'	2-3'	Yellow/orange	sum/fall			x	x		great nectar source, special value to native bees
<i>Ruellia caroliniensis</i>	Wild Petunia	sun/pt sh	1-2'	1-2'	blue	summer	x	x	x		x	
<i>Salvia azurea</i>	Big Blue Salvia	sun	3-4'	2-3'	lt blue	summer	x	x		x	x	
<i>Salvia coccinea</i>	Scarlet Sage	sun/pt sh	2-4'	2-4'	red	sum/fall	x	x		x	x	nectar source, deer resistant
<i>Salvia lyrata</i>	Lyre Leaf Sage	sun/pt sh	1-2'	2-4'	purple	summer	x	x			x	nectar source
<i>Saururus cernuus</i>	Lizard's Tail	pt sh/shade	1-3'		white	spr/sum			x			valued by wood ducks
<i>Scutellaria integrifolia</i>	Helmet Scullcap	sun/shade	1-2'	2-4'	blue	spring	x					
<i>Silene regia*</i>	Royal Catchfly	sun/shade	3-5'	2-3'	red	summer	x	x	x			
<i>Sisyrinchium angustifolium</i>	Blue Eyed Grass	sun/pt sh	1'	1'	blue/purple	spring	x		x			ground cover to replace grass
<i>Solidago altissima</i>	Tall Goldenrod	sun/pt sh	2-6'	spreads	dk yellow	summer	x			x	x	will tolerate dry soil
<i>Solidago sempervirens</i>	Seaside Goldenrod	sun	3-5'	2-4'	yellow	fall	x		x		x	great nectar source, special value to native and bumble bees, attracts predatory insects
<i>Spigelia marilandica</i>	Indian Pink	pt shade	1-3'		red/yellow	spr/sum		x				bog or pond area
<i>Stokesia laevis*</i>	Stokes Aster	sun/pt sh	2-3'	2-3'	blue	spring	x	x	x			nectar source
<i>Stokesia laevis 'alba'*</i>	White Stokes Aster	sun/pt sh	2-3'	2-3'	white	spring	x	x	x			nectar source
<i>Tradescantia ohiensis</i>	Smooth Spiderwort	sun/pt sh/sh	1-3'		blue	spr/sum	x				x	special value to native and bumble bees, nectar source

Latin Name	Common Name	Exposure	Ht.	Width	Flr. Color	Bloom**	Butter.	Humm.	Birds	Bees	Deer resist.	Notes
<i>Verbesina occidentalis</i>	Yellow Wingstem	sun/pt sh	3-5'	3-4'	yellow	fall	x	x	x			nectar source, Gray Hairstreak & Summer Azure LH, special value to native, bumble & honey bees
<i>Verbesina virginica</i>	White Crowbeard	sun/pt sh	3-5'	3-4'	white	fall	x	x	x			
<i>Vernonia angustifolia</i>	Tall Ironweed	sun/pt sh	4-6'	3-4'	purple	sum/fall	x	x	x		x	
	<b>Shrub</b>											
<i>Baccharis halimifolia</i>	Salt bush	sun/pt sh	6-8'	4-6'	white	fall	x		x	x		nectar source, Monarch migration nectar
<i>Callicarpa americana</i>	Beautyberry	sun/shade	4-8'	4-6'	purple fruit	fall	x		x			nectar source, can be pruned severely right before spring growth
<i>Calycanthus floridus</i>	Carolina Spicebush	pt sh/sh	6-8'	5-8'	dk red	spring					x	
<i>Calamintha georgiana</i>	Georgia Savory	sun/pt shade	1-2'	2-3'	purple	spring/fall	x			x		fragrant, likes sandy well-drained soil
<i>Conradina canescens</i>	Beach Rosemary	sun	2-4'	2-4'	lt. lavender	spr/fall	x			x		fragrant, likes sandy well-drained soil
<i>Erythrina herbacea</i>	Coral Bean	sun/pt sh	6-12'		red	spr/lt win		X				Seeds are poisonous to humans if eaten.
<i>Hydrangea quercifolia</i>	Oakleaf Hydrangea 'Snowflake'	pt sh/shade	6-8'	6-8'	white	sum/fall	x		x			Lovely drooping large white flowers fade to pink, fall color, nice bark
<i>Ilex glabra</i>	Inkberry	pt shade	12'	2-4'	white	sum/fall			x		x	Holly Azure LH, special value to honey bees
<i>Illicium floridanum</i>	Florida Anise	shade	10-15'	8-10'	maroon	sum/fall					x	
<i>Morella cerifera</i>	Wax Myrtle	sun/pt shade	15-20'	8-12'	yellowish	spring	x		x		x	Red-Banded Hairstreak LH
<i>Rhododendron alabamense</i>	Alabama Azalea	sun/pt sh	6-12'	6-12'	white w/ yellow blotch		x		x	x		very fragrant, well drained soil, drought tolerant
<i>Rhododendron arborescens</i>	Sweet Azalea	sun/pt sh	8-20'	8-20'	pink, yellow		x		x	x		fragrant, good fall color, moist, well-drained, acid soil
<i>Rhododendron atlanticum</i>	Coast Azalea	sun/pt sh	2-6'	2-6'	white/lt pink	spring	x	x		x		fragrant, moist, well-drained soil
<i>Rhododendron austrinum</i>	Florida Azalea	pt shade	8-10'	8-10'	yellow to orange	spring		x		x		fragrant, drought tolerant
<i>Rhododendron canescens</i>	Piedmont Azalea	sun/pt sh	6-10'	6-10'	white to lt. pink	spring	x	x		x		fragrant, moist, well drained soil
<i>Rhododendron flammeum</i>	Oconee Azalea	part shade	6-8'	6-8'	yellow, orange	spring	x	x		x		fragrant, moist, well drained soil
<i>Rhododendron viscosum</i>	Swamp Azalea	sun/pt sh	2-8'	3-8'	white	spring/sum						fragrant, moist to wet soil

<i>Latin Name</i>	Common Name	Exposure	Ht.	Width	Flr. Color	Bloom**	Butter.	Humm.	Birds	Bees	Deer resist.	Notes
<i>Rhus copallinum</i>	Winged Sumac	sun	5-8'	3-4'	red berries	summer			x		x	Red-Banded Hairstreak LH, special value to native & honey bees, nesting for native bees
<i>Sambucus canadensis</i>	Elderberry	sun/pt sh	5-8'	3-4'	white	summer	x	x	x			nectar source, nesting for native bees, attracts predatory insects
<i>Yucca filamentosa</i>	Yucca	sun/pt sh	8-12'	3-6'	white	spr/sum	x	x			x	Yucca Giant-Skipper, Cofaqui Giant-Skipper LH
	<b>Tree</b>											
<i>Acer negundo</i>	Box Elder	sun	35-60'		yellow/green	spr			x			Cecropia Silkmoth LH, special value to honey bees
<i>Acer rubrum</i>	Red Maple	sun/pt sh	50-120'	30-40'	red	spring	x		x			
<i>Betula nigra</i>	River Birch	sun	50-90'	30'	yellowish	spring	x		x		x	Mourning Cloak LH
<i>Catalpa bignonioides</i>	Southern Catalpa	pt shade	25-40'	25-40'	white	spr/sum				x		special value to honey bees
<i>Cercis canadensis</i>	Eastern Redbud	sun/pt sh	20-35'	15-25'	rosy purple	lt win	x		x			nectar source, special value to native & honey bees, nesting for native bees
<i>Fraxinus americana</i>	American Ash	sun	50-80'	40-50'			x		x			Eastern Tiger & Viceroy Swallowtail LH
<i>Gordonia lasianthus</i>	Loblolly Bay	sun/pt sh	35-70'		white	sum/fall		x	x	x	x	evergreen, likes moist, well-drained soil
<i>Ilex vomitoria</i>	Yaupon Holly	sun/shade	20-25'	20'	white	spring	x		x		x	Holly Azure & Henrys Elfin LH, nectar source
<i>Juniperus silicicola</i>	Southern Red Cedar	sun	40'	10-20'	blue berries	sum/fall	x		x		x	Juniper Hairstreak var Sweadner's & Olive Butterfly LH, nesting site
<i>Liriodendron tulipifera</i>	Tulip Tree	sun/pt sh/sh	100'		yellow, green	spr/sum	x	x	x	x		Eastern tiger swallowtail & Viceroy LH, special value to honey bees
<i>Liquidambar styraciflua</i>	American Sweetgum	sun	75-130'						x		x	nesting site, seed balls attract several bird species
<i>Magnolia grandiflora</i>	Southern Magnolia	sun/shade	60'	30'	white	spr/sum			x		x	seed for birds
<i>Magnolia virginiana</i>	Sweet Bay Magnolia	sun/pt sh	60'	25'	white	spr/sum	x		x		x	Spicebush & Palamedes swallowtails, nectar source for moths and beetles
<i>Persea palustris</i>	Swamp Bay	sun/pt sh	12-25'		yellow	spring	x		x			wet to dry, peaty to sandy soils
<i>Prunus caroliniana</i>	Cherry laurel	sun/pt sh	15-20'		white	spr			x		x	Eastern tiger swallowtail LH, nectar source, deer resistant, special value to native bees

<i>Latin Name</i>	Common Name	Exposure	Ht.	Width	Flr. Color	Bloom**	Butter.	Humm.	Birds	Bees	Deer resist.	Notes
<i>Pinus strobus</i>	Eastern White Pine	sun/pt sh/sh	100'		red,pink,yel	spr/sum			x			attracts birds & mammals for food and shelter
<i>Quercus spp.</i>	Mixed native oaks	sun/pt sh	varies	varies					x		x	attracts birds & mammals for food and shelter
<i>Quercus nigra</i>	Water Oak	pt sh	40-60'	27'	yellow	spr/sum					x	
<i>Quercus michauxii</i>	Swamp Chestnut Oak	pt sh	48-100'		yellow	spr	x		x			Horaces & Juvenal's Duskywings, Banded & White M Hairstreak LH
<i>Quercus palustris</i>	Pin Oak	sun/pt sh/sh	60-70'		yellow/green	spr/sum	x	x	x			
<i>Quercus phellos</i>	Willow Oak	pt shade	72-100'		yellow	spring	x		x			White M Hairstreak, Horaces Duskywing LH
<i>Sabal palmetto</i>	Cabbage Palm	sun	30-40'		white	summer	x		x		x	nectar source, habitat for reptiles, insects, mammals, birds
<i>Salix caroliniana</i>	Coastal Plain Willow	pt shade	Shrub		green	spring				x		Viceroy, Red-Spotted Purple, E. Tiger Swallowtail, Striped Hairstreak LH, special value to native bees
<i>Taxodium distichum</i>	Bald Cypress	sun/pt sh	70-100'	25-35'	silvery, purple	spring			x		x	special value to native bees, wet soils of stream banks & swamps
